Friday Oct 30th. The children are
welcome to wear their costumes
to school if you'd like.
Sign up sheets will be posted on each
classroom door.
Parents are welcome to attend!**

Welcome to the Traditional Preschool room!

We are so excited that you have come to experience our day! The first thing we do when we arrive is look at all of the table centers! There are things like puzzles, games, math activities and really cool activities our teacher has made.

Next we go to our circle time rug to do the calendar and talk about what we will do for the day. We love to read books that go with our theme for the week. At circle time on Friday, we get a chance to share what we brought for show and tell. Every week we bring something from home that goes with our letter of the week!

After we have circle time, we get to play with all of the great things that are out on the tables. This is a great time for our teacher to work one on one with us! We love getting a chance to pick and choose the things we find interesting.

After table time we all come together as a group to do our art project! We love painting, using stamps, glitter and even using crayons and markers to create our own picture!

When we are finished with art, we help our teacher clean up and get ready for the next activity. We have been working really hard so we like to do a movement activity. We really love to dance on the tumbling mat! There is also time to go outside and play where we ride bikes, play ball and go down the slide!

After being outside or dancing we have a chance to choose another table activity! We can choose something we haven't had a chance to do yet, or play with something we thought was a lot of fun! After we play and learn for a while, we clean up and have a time where we can talk about all the fun things we did that day! Before we know, it our parents are here to pick us up! We really hope that you enjoyed spending the day with us!
